MURASPEC
WALLCOVERINGS

TECHNICAL DATA SHEET

Due to popular demand, Muraspec has produced a coordinating wallcovering to pair with the recently launched Segment design. The same colours and texture have been used within the Segment Linen design, so that both patterns can be used within the same interiors if desired to completely marry up the beautiful look. This classic linen ground has fine intricate detail which adds that 'special something' in a delicate manner to a wall space. All colours have a matte look which complements other interior finishes seamlessly.
