TECHNICAL DATA SHEET

Anafi is a decorative polyester backed, foam vinyl wallcovering providing acoustic sound absorption benefits for your walls. For interiors that are looking to minimise sound reverberation, Anafi is recommended for walls in a wide variety of interiors including offices, hospitals, clinics, retirement homes, hotels, restaurants and theatres. This product uses water based inks for the 20 colourways available, absorbs sound with a coefficient of 0.4 at 3300Hz - $\alpha w = 0.15$, has Euroclass C S3 D0 certification and has achieved a Class A pass for the ASTM E84 fire rating certification.

AVAILABLE COLOURWAYS IN THIS DESIGN To view the full range of colourways available in this design, please search 'Anafi' using the search function tool on the Muraspec website.
