

Anafi is a decorative polyester backed, foam vinyl wallcovering providing acoustic sound absorption benefits for your walls. For interiors that are looking to minimise sound reverberation, Anafi is recommended for walls in a wide variety of interiors including offices, hospitals, clinics, retirement homes, hotels, restaurants and theatres. This product uses water based inks for the 20 colourways available, absorbs sound with a coefficient of 0.4 at 3300Hz – $\alpha_w = 0.15$, has Euroclass C S3 D0 certification and has achieved a Class A pass for the ASTM E84 fire rating certification.

Product Details
